*"The depth of our companions' thoughts, feelings and aspirations were astounding. Asia's ability to reach out and connect us to our horses and dogs at that level is nothing short of miraculous. My world and how I perceive it has been changed forever."*

*-Jan Bogren, Reiki Master; Inspirational Teacher*

Communicating with animals since childhood, Asia Voight is one of the world's leading experts in animal communication and intuitive life coaching. During her 14-year professional career, Asia has worked with over 50,000 animals and people worldwide.

After a fiery car accident in 1987 led to a near death experience, Asia found herself paralyzed, severely burned and fighting for her life, given a 3 percent chance to live. She desperately needed guidance to get her legs moving and her body healing. This urgency burst open her intuitive powers, enabling her to relearn how to walk while re-awakening her telepathy at the same time!

Asia's inspiring work has been featured on ABC, NBC, and Fox TV, as well as countless radio interviews like the Rick Lamb Show, Hay House Radio and Olympic dressage rider Jane Savoie's tele-seminar. She has graced the covers of many publications including Brava and Women Magazine, and numerous state and local newspapers.

A prolific author, Asia has published works in four books, including chapters in *Extraordinary You-- The Art of Living a Lusciously Spirited, Vibrant Life* (available Nov. 2011), an inspirational and uplifting story of the healing aspects of her Animal Communication work, and *Pearls of Wisdom: 30 Inspirational Ideas to Live Your Best Life Now* (available spring 2012). She will soon be releasing her own life story, *Burned Back to Spirit: Awakening Your Intuitive Powers by Way of One Woman's Near Death Experience*.

Asia is also featured in a new reality movie: **Face2Face**, directed by Katherine Brooks, (The Osbournes, Paris Hilton's Simple Life). For this incredible film, 50 Facebook friends were chosen to share their stories of healing and transformation.

Asia has a Bachelor of Arts degree in radio/tv/film from the University of Wisconsin Oshkosh. She teaches a popular animal communication course and continues to offer in-person and distance life readings and business strategy sessions with clients from all over the world.
