MADISON, Wis. - (FOR IMMEDIATE RELEASE) -

Extraordinary You: The Art of Living a Lusciously Spirited, Vibrant Life can show you the secrets to living a vibrant and extraordinary life.

"The title says it all. Extraordinary You is filled with gems of inner wisdom and inspiring stories from 11 great leaders that will expand your mind and help you truly live a more vibrant, authentic and extraordinary life," - Dr. John F. Demartini

With a contribution by local author Asia Voight, Extraordinary You invites you to never utter "I'm bored" again, but rather to live life in exhilaration and end up joyous and complete. Voight and ten other extraordinary women share with you the keys to unlocking an exceptional life.

Communicating with animals and spirit guides since childhood, Voight is one of the world's leading experts in animal communication and intuitive life coaching. During her 14-year professional career, Voight has worked with over 50,000 animals and people worldwide.

After a fiery car accident in 1987 led to a near death experience, Voight found herself paralyzed, severely burned and fighting for her life, given a 3 percent chance to live. She desperately needed guidance to get her legs moving and her body healing. This urgency burst open her intuitive powers, enabling her to relearn how to walk, while re-awakening her telepathy at the same time!

Extraordinary You tells personal stories of tragedy, near death, crossroads, and plain mundane existences, to expanded lives of exploration and vitality. Discover the wisdom and experiences that will enable you to embrace a greater vision for your life.
